Education is the key to all-round development of a country. The contours of education in India have seen manifold change in recent times. Quality education basically higher education plays a crucial part in developing human resources for economic development which have the staggering demand in this 21st century. Concept is derived from this challenge of imparting not only quality education but also in providing a practicable skill set, relevant to the need of the times.

Beginning with a coaching institute, Concept GROUP OF INSTITUTIONS [Eng. School(Govt. Permitted), Jr. College of Science, Commerce(introduced in 2019) & Arts (Permitted by Govt. of Assam & A.H.S.E.C.) and Coaching Institute for IIT- JEE-Mains & Adv., NEET-UG etc.] have successfully completed Eleven years of bright and appreciable service of catering education equality amongst the people every strata in the society.

We ensure quality teaching for our students to fulfill their dreams as we always focus on the them **BALANCED EDUCATION WITH NEW CONCEPT** (Through a revolutionary teaching methodology and materials) emphasize on their all -round development (theory+practical+competitive exam+E.C.A+& many more through its various wings) and that have been already proved by the feedbacks we have received at this early stage. Keeping all these in mind we are introducing some more new concept in school level which are mentioned details in **CONCEPT** differentiates itself from others.

As we live in highly competitive world, we need to secure our future and be ready for our tomorrow. So, to help the students in this regard, **CONCEPT** has been arranging **CAREER GUIDANCE** sessions for them time to time and has been making students' profile through **SWOT** analysis.

Besides the quality education, **CONCEPT** is committed to serve the society in diverse ways. From the date of establishment **CONCEPT** started **CONCEPT STUDENT HELP TRUST**(Grow with us) to provide financial backup to economically poor meritorious students. The **CONCEPT CANCER CHARITY FUND** (because Charity Begins At Home) instituted is highly acclaimed by the society to encourage the students. **CONCEPT** also giving away memorial awards & scholarships to the top ranked HSLC and HSSLC students each year to encourage them. We are developing **CONCEPT ENVIROFIT** (Making the world fit for humanity) a programme to raise awareness amongst the students and the greater community about environment deterioration.

Keeping in mind the health care challenges faced by India in the 21st century **CONCEPT** promises to bring "**CONCEPT YOGA CLUB-feel good**") a regular programme based on ideologies that dates back to ancient times. The **CONCEPT PUBLICATION** (a unique publication for unique books) wing recently published a few books along with a quarterly bilingual magazine which received excellent circulation. This has given us impetus and has created an urge to publish quality books in the near future.

Finally, student getting admitted into our institute is motivated to pursue the course in its right perspective & is sure to go out with full capability and moral responsibility in all aspects. With these words, may I extend my best wishes to the prospective guardians / parents and students of our institute.

FROM THE DESK OF DY.DIRECTOR

At the very beginning I really grateful to the well-wishers and guardians those who extend their kind help, well wishes and co-operation to us.

In keeping the view with the changing approach to the modern education, CONCEPT family have been trying our level best to create a healthy academic atmosphere with providing a balanced education system with new concept. We believe a morally good student is an asset of our society, but a student without having morality; with academic excellence is a burden to the society.

The member of the teaching and non-teaching staff in all our energetic, progressive and resourceful. We have been trying to improve quality education for the students. I assure that our faculty members are fully committed to take personalised care of all our students in order to help them achieve their goals and ambition in life.

When a drop of water falls into a river, it has no identity, but when it falls on the leaf of a lotus, it shines like a pearl. So choose the best place where you can shine.

Our request to the parents / guardians:- Criticism of a teacher or school by parents in the presence of the child is harmful.

Our need :- All constructive advise and suggestion from the parents and well wishers.
